

SKODA

Octavia
Style | RS

Emotions in Motion

The Octavia range embodies the design trend of the Škoda brand: a fusion of aesthetics, safety and practicality. Whether you see the car as a whole or step closer and explore its unique features, the Octavia range radiates with the harmony of functionality and emotion.

Style and functionality

The car features dynamic lines, balanced proportions and distinctive features such as the front grille and headlights in the shape of an arrow. The fog lights are also unmistakable. In addition to their utility functions, they play a key design role.

Škoda brand

As a badge of honour, the Škoda name is proudly emblazoned on the 5th door.

Time to Shine

Advanced technology is made beautiful in the light design of the Octavia. The car features full LED Matrix headlights, which offer greater road lighting and a higher degree of safety.

Full led matrix headlights and fog lights

Octavia is equipped with the unique Crystal design lighting system, combining an innovative solution; matrix technology. The benefit, optimal visibility no matter the environment.

Rear lights

The full LED rear lights are fitted with dynamic turn indicators, which not only reveal where the driver is about to turn, but also add dynamism to the car.

Welcome Home

The interior welcomes you with a perfect harmony of materials and colours. The dashboard reflects the car's exterior lines and emphasises the feeling of generous space. The infotainment display positioned high up on the dashboard, in the driver's immediate field of vision, creates a pleasant symmetry. The attractive décor, chrome details and LED ambient lighting enhance the powerful impression.

Style and Functionality

The car comes with a 3-spoke multifunction leather steering wheel allowing you to control the radio and your phone for example with ease.

Comfort and space

Škoda's craftsmanship is confidently presented inside. Surrounded by high-quality materials, you'll enjoy the ride no matter where you sit. The exceptionally spacious interior offers loads of legroom and headroom for the whole crew.

Wireless Connectivity

Octavia featuring wireless Apple CarPlay® & Android Auto™+

Combining our smart car with your smartphone was always going to be a good idea. Octavia featuring wireless Apple CarPlay® & Android Auto™+ seamlessly connects compatible apps from your smartphone to your Škoda. So, whether you want to listen to music or receive turn-by-turn directions, you can do it all without touching your phone.

+ Octavia featuring wireless Apple CarPlay® & Android Auto™ is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service required, optional connection cable (sold separately).

Wireless charging / USB-C connectivity

The Octavia comes with an enlarged phone box which wirelessly charges your smartphone while driving. This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in the centre console allow you to connect your external devices without the need for dongles or adapters.

Genius is in the Details

Simply Clever solutions make your life easier. Whether it's practical storage compartments or an ingenious towbar (available as a standalone option at extra cost), these thoughtful features take the headache out of travelling.

Umbrella storage compartment

An ingenious compartment integrated into the driver's door is designed to let water, retained from wet umbrellas, to drain away from the car. An original complimentary Škoda umbrella is also provided.

Sunglasses compartment

This practical compartment located above the interior rear view mirror is within the driver's and front passenger's reach.

(Not available in combination with panoramic sunroof.)

Liquid reservoir

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

Jumbo box and drink holders

Small electronic devices can be safely stored in the jumbo box in the front armrest. For your drinks, there are cup holders with an integrated easy-open function, conveniently located in the centre console.

Cargo elements

To avoid any undesired movement of luggage while driving, these two plastic cargo elements with a velcro fastener are ideal. They can be stowed away in the compartments behind the rear wheel arches when not in use.

High-Tech, High Comfort

Sometimes it's good to let yourself be spoiled. While driving, for example. Plenty of thoughtful technologies and smart features are here at your command, ready to maximise your comfort and driving pleasure. Just put your foot down.

Power tailgate and virtual pedal.

The 5th door opens and closes at the mere touch of the button on the convenience key, driver's door panel or directly on the 5th door. You can also adjust the upper door position to your preferred height. For added convenience, the virtual pedal function allows for contact-free access to the luggage compartment.

Multimedia 10" Display

Attractive design is accompanied by perfect functionality. The multimedia 10" display includes a touch slider, situated below the display, removing the need to touch the screen when performing actions such as adjusting the volume or zooming in or out of maps whilst navigating.

Columbus infotainment with satellite navigation

The top-class Columbus Infotainment System with in-built satellite navigation incorporating 3D maps, displays all turn-by-turn directions in stunning clarity on both the multimedia 10" display and 10.25" virtual cockpit. The systems enhanced voice control function can assist with queries on a wide variety of topics and also follows commands. For example, it will start navigation to a desired destination or even take dictation for an SMS.

Ambient lighting

Experience ultimate comfort thanks to the LED ambient lights in the Octavia. This feature enables users to define any available colour to illuminate the dashboard, front door panels, and in a new development the front and rear footwells. Different colours can be selected for the upper (the dashboard and front door panels) and lower (the front and rear footwells) sections of the cabin.

Convenience key

With the convenience key, you can lock/unlock your car and start or stop the engine without the need of physically touching your key. Now that is convenience.

+ Available on RS with Premium Pack.

Canton sound system*

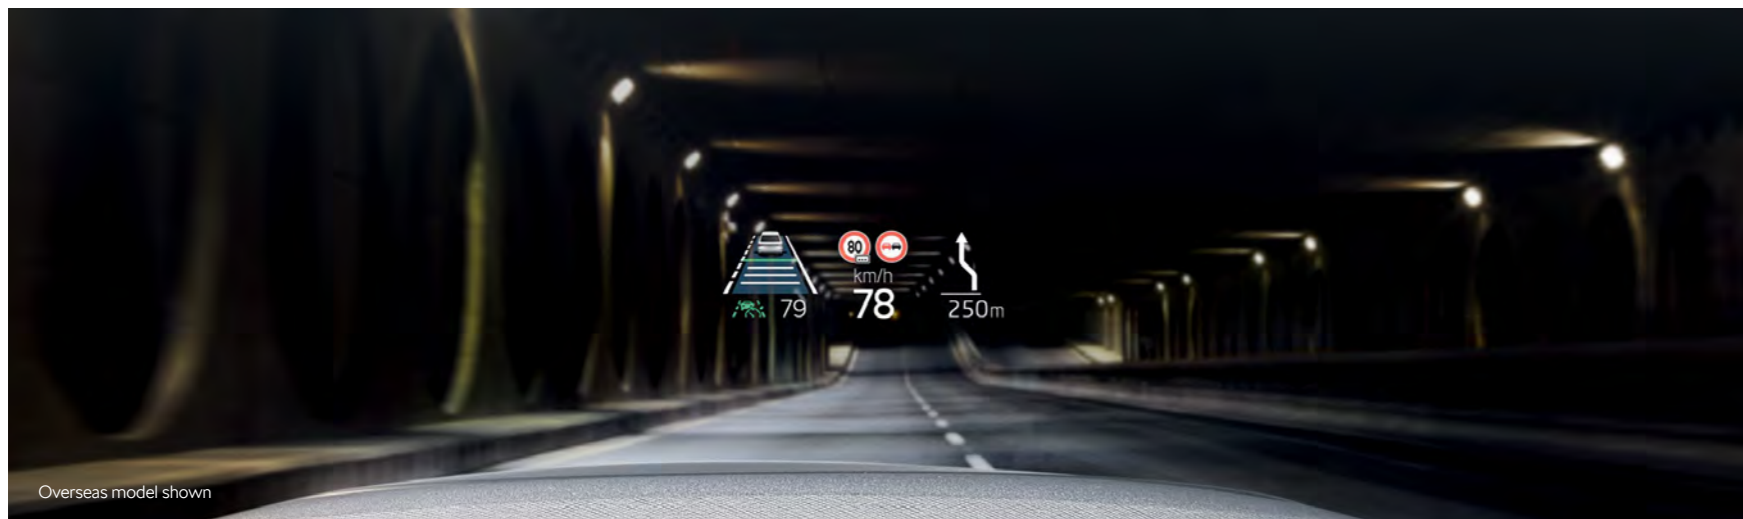

Enjoy absolute sound clarity, whether it's music or the spoken word, from the Canton Sound System with twelve speakers, including a central speaker and subwoofer in the luggage compartment.

Overseas model shown

Multimedia holder

The multimedia holder in the Octavia, fixed to the back of the front seat head rests, enables you to securely place a tablet or any other compatible device, for convenient hands free use and hassle free in-car entertainment.

Overseas model shown

Head-up display

The head-up display projects key driving data directly onto the front windshield, within the driver's line of sight.

Available in optional Premium pack on RS at extra cost.

10.25" virtual cockpit

All that important information that used to be displayed on your dashboard gauges, is now brought to life in a dynamic digital display. Driving data displayed includes speed and fuel readouts – along with more contemporary features, like driver assist and navigation tools.

Shift-by-wire

As the first recipient of the Škoda brand, the Octavia receives "by wire" technology, designed for maximum comfort in vehicles equipped with an automatic transmission. The shift-by-wire operates via the shift lever in a minimalist design integrated in the centre console.

Electro-mechanical parking brake (EPB)

The Octavia is fitted with an Electro-Mechanical Parking Brake (EPB), replacing the conventional mechanical hand brake. EPB is manually activated/deactivated via a switch located below the shift-by-wire lever in the centre console.

Auto hold function not available on Style, standard on RS.

Safety at Your Fingertips

The Octavia's advanced safety assistance is second to none, with over ten features available to ensure you feel safe and comfortable, no matter where you drive.

Overseas Model shown for illustrative purposes only.

Lane Assist with Adaptive Lane Guidance¹

Operating at speeds above 60km/h, Lane Assist with Adaptive Lane Guidance can help to keep the Octavia centred within the lane in which it is travelling.

Available in optional Tech & Luxury Pack on Style at extra cost.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Overseas Model shown for illustrative purposes only.

Emergency Assist¹

Emergency Assist reduces the risk of an incident in the event of the driver's sudden health collapse, for example, by safely stopping the car and turning on the hazard lights.

Available in optional Tech & Luxury Pack on Style at extra cost.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Side Assist¹

Using radar sensors in the rear bumper, Side Assist monitors the area beside and behind your car to detect other vehicles and cyclists up to 70m away. Upon entry of the detection zone, the system provides a visual alert to warn the driver of a potentially hazardous situation.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Front Assist - Predictive Pedestrian/Cyclist¹

The Front Assist system, using a radar device situated in the front grille, is designed to monitor the distance of the Octavia to vehicles ahead. If the system detects sudden braking by the preceding vehicle it reacts, applying the emergency braking mechanism. The system, depending on travelling speed, can also detect pedestrians and cyclists.

Rear Traffic Alert¹

Utilising the same rear bumper integrated sensors of the Side Assist system, the Rear Traffic Alert function helps you reverse safely from parking spaces with poor visibility by scanning for objects approaching the rear. Upon detection, an acoustic alert is issued, and if required to avoid collision, the brakes applied thanks to the Manoeuvre Braking Assist feature.

Park Assist¹

Minimise the hassle of parking in tight spots with Park Assist. This feature utilises the front and rear parking sensors to scan the desired parking space (parallel and perpendicular) before automatically parking the vehicle for you.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Additional Experts on Board

You can encounter various things on the road. To ensure that the car is ready to handle all situations that may occur on route, additional assistance with multiple functions are on hand to help or fill in for the driver.

Overseas Model shown for illustrative purposes only.

Matrix Beam Function¹

The full LED Matrix headlights of Octavia feature the Matrix Beam Function, permitting continuous high beam use without dazzling other drivers. Utilising the windshield camera, the matrix beam function reacts to the environment, turning off light modules that affect the visibility of other drivers whilst leaving on modules that do not to provide maximum road visibility.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Overseas Model shown for illustrative purposes only.

Crew Protect Assist¹

This assistance system provides increased protection for front and rear passengers in critical situations that potentially result in a collision or rollover by automatically initiating the closure of the side windows to leave a 5cm gap, full closure of the panoramic glass sunroof (if equipped), and tightening of seatbelts.

Not available on Style.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Overseas Model shown for illustrative purposes only.

Multi-Collision Brake¹

In the event of an accident, the Multi-Collision Brake, automatically applies braking to prevent further uncontrolled movement of the vehicle, thus reducing the likelihood of further collisions.

Safe Happens

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags.

Front side airbags

These two airbags protect the pelvis and chest of the driver and passenger in the event of a side collision.

Knee airbag

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

Driver, front passenger and centre airbag

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. An additional central airbag fitted within the inner side of the driver's backrest, is designed to protect the driver and front passenger from colliding, especially in the event of a side collision.

Side curtain airbags

Upon activation, side curtain airbags create a wall protecting the front and rear occupants against head injury.

Luggage Compartment

Boot capacity

As always the luggage compartment is generous. The sedan version offers 600 litres of storage, which can be extended up to 1,555 litres by folding down the rear seats. Meanwhile the wagon version offers 640 litres and 1,700 litres after folding down the rear seats.

Double-sided luggage mat

A multi-purpose protective layer for the luggage space, choose from the elegant fabric side up for everyday use or easily switch over to the washable rubber side when transporting items likely to cause a mess.

The Octavia's boot is a unique mixture of large capacity with clever practicality. You can find many smart features inside the Octavia's boot, which will help you load all your stuff, keep the car tidy and prevent things from moving around.

Luggage hooks

You'll be hooked as soon as you use them. Whether it's a trip to the shops or a trip away, these handy hooks are great for neatly hanging bags and creating more space.

Net system

One horizontal and two vertical nets increase the flexibility of the luggage space while firmly securing objects and loose items.

Overseas Model shown

Power to the People

Dynamic Chassis Control (DCC) including drive mode selection

Enjoy the performance of your car in maximum comfort and safety. The Dynamic Chassis Control (DCC) continuously evaluates and responds to various driving behaviour (braking, acceleration, turning), adapting the dampers and steering characteristics to retain the drive mode selected by the driver. The drive mode selection, accessed via the infotainment menu, allows you to select one of five modes according to your specific requirements: Eco, Comfort, Normal, Sport or Individual.

Available in optional Premium pack on RS at extra cost.
Overseas model shown for illustrative purposes only.

Engines

The Octavia offers 110kW (Style) and 180kW (RS) turbocharged petrol engines that guarantee excellent performance and acceleration, complemented by low fuel consumption.

Upholstery & Wheels

RS

Bold Never Goes Out of Style

Exclusive meets sporty. The Octavia's emotional design sets a daring tone with its RS version, both on the outside and in. Combine timeless elegance with dynamic features supported by sports suspension and get a car with attitude.

Exterior design

The Octavia RS features exclusive exterior styling, including unique bumpers and glossy black treatments applied to the side mirror caps, window surrounds, front grille and the frame extending the front fog lights and air intake ducts. The RS badge on the front grille is a nod to the famous racing tradition of Škoda cars. The dynamic appearance of the exterior is enhanced by 19" ALTAIR brushed anthracite alloy wheels and darkened lighting systems, whilst red brake calipers emphasise the sporty character of the vehicle.

Rear view

The distinctive rear bumper with its glossy black decorative treatments, sleek diffuser and exposed dual exhaust pipes are key design attributes for the rear of the RS. Other exclusive features include the glossy black finish to the Škoda lettering and badges on the 5th door as well as to the roof rails on wagon variants.

Comfort as Your Co-Pilot

Step into a space where you can truly be yourself. The interior of the Octavia RS is that kind of place. The legendary spaciousness of Škoda cars, premium materials and state-of-the-art technology spiced up with RS elements in the sports style let you experience uncompromised comfort while staying sporty at heart.

Virtual cockpit / LED ambient lighting

The stunning Virtual Cockpit displays key vehicle, safety and infotainment information such as turn-by-turn navigation. You can even change the layout (view), via the steering wheel mounted controls, from a selection of five layouts, including the RS exclusive Sport view. Additionally, the colour of the background illumination, determined by the interior ambient lighting offering an amazing range of colour options, can also be changed.

Interior design

The interior is equipped with sporty elements, among other things, a 3-spoke flat-bottom steering wheel in black perforated leather with the RS plaque, sports comfort front seats and pedal covers in alloy finish. The upholstery in black fabric is accompanied by the carbon décor and suede treatments in the dash and doors as well as contrast red stitching. For added effect, the roof lining and pillars are also in black, completing the sports cockpit design.

Upholstery & Wheels

*The Start/Stop system is designed to reduce fuel consumption and CO2 emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information. †Please note figures are sourced from overseas data where equipment levels by model variant may vary. **Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Welcome to Care-Free Ownership

Škoda Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a Škoda as fantastic as buying one.

7 YEAR WARRANTY[^] UNLIMITED KM

After getting behind the wheel of a Škoda, it's not hard to see why they're so beloved by their owners. Quite simply, Škoda vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. Škoda Australia provides a 7 Year/Unlimited Kilometre Warranty[^] on all new vehicles. Every new Škoda vehicle includes one year Škoda Assist[±] (Roadside Assistance), from the warranty start date. To thank you for your loyalty, complimentary Service Initiated Roadside Assistance (SIRA for short) will be activated if the vehicle is returned to an authorised Škoda Dealer for scheduled service, as per the Škoda Service Schedule milestones. For more information and eligibility, please visit www.skoda.com.au/owners/roadside-assistance

Škoda Service Pricing

No hidden expenses, no nasty surprises. Škoda Service Pricing applies to the first 6 scheduled services for your Škoda, occurring every 12 months/15,000 km (whichever occurs first).*

Genuine Parts

You don't have to be a genius (AKA a Škoda technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty[^] on all genuine parts, peace of mind comes easily too.

Service Packs

Why worry about handling payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 7 Year/105,000km (whichever occurs first) or a 5 year/75,000kms (whichever occurs first) Škoda Service Pack at any of our Škoda dealers. That way you can simply book a service time that suits you, and the costs are already covered. your car, serviced at your convenience.

[^]Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them. [±]Škoda Assist (roadside assistance) is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see www.skoda.com.au/owners/roadside-assistance. ^{*}Škoda Service Pricing is current as at the date the customer obtains a price from the Škoda Service Price Calculator or from a participating authorised Škoda Dealer and is subject to change without notice. Customers are advised to confirm current pricing on the Škoda Service Pricing Calculator or with an authorised Škoda Dealer on the day of each Scheduled Service. Škoda Service Pricing is available at participating Škoda dealers on Fabia, Yeti, Octavia, Rapid, Scala, Kamiq, Roomster, Superb, Karoq and Kodiaq models first sold by an authorised Škoda dealer on or after 1st July 2015. Škoda Service Pricing applies to the cost of standard items in each of the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). Exclusions and conditions apply. For details on pricing, items not included in the Service Price and for full terms and conditions click here. Škoda Australia reserves the right to at any time modify or discontinue the Škoda Service Pricing program. [^]Please check your engine code in your service or owner manual (if you have already purchased the vehicle) or confirm your engine code with your Škoda dealer prior to vehicle purchase (if you have not yet purchased the vehicle). Škoda Service Packs are available from authorised Škoda Dealers or online from Škoda Australia official website, for all models and covers standard items as contained in each scheduled service interval only. The New Car Service Packs can only be purchased prior to the first scheduled service and up to 15,000 km/12 months (whichever occurs first). The timeframe takes effect from when the vehicle is first reported in our system as 'sold'. The Used Car Service Packs can be purchased after the first 15,000 km/12 months scheduled service. The Top-up Service packs can be purchased based on the eligibility criteria as detailed in the terms and conditions. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here. Remove Any Doubt with Škoda Choice.

Škoda Choice[±] is a flexible finance program that allows you to guarantee your vehicle's minimum future value[±] at the time of purchase, giving you peace of mind knowing the value of your Škoda is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your Škoda Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your Škoda more often, enjoying the latest model with the best innovations and technology.

How it works

- Step 1** Choose your favourite Škoda model.
- Step 2** Choose your preferred term* of 12, 24, 36, 48 or 60 months, and an annual km allowance.
- Step 3** At the end of your chosen term, select from one of the three end of term options:

Trade in

If you wish to trade-in your Škoda for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value[±], you can use this equity towards your new vehicle.

Retain

If you prefer to retain your Škoda, simply let us know. Provided that you also meet the relevant payment obligations under your contract, you can purchase your vehicle outright for the Guaranteed Future Value amount locked in at the start of the contract[±]. Then your Škoda is yours to keep. Or you can choose to refinance your balloon at the end of the term.

Return

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements[±], you will have no more to pay.

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

[±]Škoda Choice has a Guaranteed Future Value (GFV) which is the minimum value of your vehicle at the end of your finance contract as determined by Škoda Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389 344. If you decide to return your vehicle to SFS at the end of your term, SFS will pay you the agreed GFV, which will be put against your final payment subject to fair wear and tear conditions and agreed kilometres being met. At the end of your term, you can elect to (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges apply if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new, demonstrator and Certified Pre-owned Škoda vehicles. To see if this product is right for you, please see our Target Market Determination on our website and/or seek independent advice.

*Subject to a credit assessment and SFS lending criteria. Fleet, government, rental and used car buyers, hire car and chauffeur companies excluded.
