When You Know What Fits You

Once you've come to the point in life where you know what you want, you might want this car. With its compact dimensions paired with a bold design language, the Škoda Kamiq range combines understatement with a lot of self-confidence. A perfect car that fits all your needs in the city – and into most parking spaces.

The Kamiq range also offers abundant technologies uncommon for the compact city small SUV. Advanced assistance systems and a new generation of infotainment mean you can stay safe without compromising on fun, on every journey. That's Simply Clever. That's Škoda.

Style

Style with Functionality

The Kamiq Style offers you a 85TSI engine, essential tech/safety features and the benefits of Škoda's small SUV at an affordable price.

Overseas model shown, local specifications may apply.

Exterior design

The Kamiq Style brings a sleek exterior look with black window surrounds, privacy glass and LED rear lights, accompanied by 18" CRATER alloy wheels.

Interior features

The interior includes a multifunctional leather sports steering wheel and 8" Bolero infotainment system, combined with Style fabric upholstery.

Monte
Carlo

Overtakes with its Design

Take the robustness and dynamic shapes of the first Škoda small SUV Kamiq, mix it with the Monte Carlo design and you get an exciting car that confidently demonstrates its championship genes.

Black front and side

Being a true member of the Monte Carlo family, the car comes with black front grille frame, roof rails, side view mirror caps, 18" VEGA Black alloy wheels and a panoramic roof.

Interior features

The Kamiq Monte Carlo features front sports seats, specific red/black upholstery and instrument panel in Monte Carlo design with leather³ elements for the steering wheel, gear lever and handbrake handle. Standard equipment also include black ceiling, alloy pedal covers and red LED ambient lighting.

KAMIQ Monte Carlo shown with the optional Travel Pack available at extra cost.
3 Leather appointed upholstery have a combination of genuine and artificial leather, but are not wholly leather.

Signature

Design that Leads, not Follows

It's got the look: the Kamiq is the perfect mix of robustness and dynamic shapes defined by the Škoda design language. It is the first Škoda small SUV.

Front view

The Kamiq features a wide front grille and split headlamps, which give the front a distinctive appearance. The platin grey or black additions to the front bumper emphasizes the Kamiq's small SUV character.

Side view

Characteristic lines on the sides of the car enhance its dynamics as shaped by Škoda's design language. The design is highlighted with sunset tinted windows, which not only accentuate the attractiveness of the exterior, but also protect rear passengers from glare.

Rear view

With the unmistakable Škoda inscription in the back the car proudly declares its family allegiance. The rear bumper includes an integrated diffuser in platin grey, which accentuates the generous ground clearance and gives the rear of the Kamiq a robust appearance.

Overseas model shown, local specifications may apply.

Trend-Proof Beauty

Light doesn't just illuminate. It inspires. The unique headlamps and slim long rear lights make the car instantly recognisable, representing a perfect blend of Czech crystal tradition and modern technology.

Full LED headlights

The top-end option is all about LED technology including corner function fog lamps.

Not available on Style.

Inner Confidence

Loaded with thoughtful features and sophisticated assistant systems, the car will indulge you in absolute comfort and support your driving confidence. Whatever comfort means to you, you will find it inside the Kamiq.

Heated seats / USB

In cold weather, your friends and family will appreciate the heated rear seats (on selected variants), which are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable universal mobile phone charging.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Style.

Škoda sound system

Enjoy absolute sound clarity, whether it's music or the spoken word, on the Sound System. The system features ten speakers, including a central speaker in the dashboard and subwoofer in the luggage compartment. Among other features the sound can be adjusted according to how many people are in the car and where they are sitting via the All, Front and Driver profiles. The device offers a total poweroutput of 405 watts.

Available with the optional Travel Pack on Monte Carlo at extra cost. Not available on Style and Signature.

Retractable mirrors

The automatically retractable external side-view mirrors fold in when the car is locked, thus protecting them against damage.

Convenience key

The car equipped with a push button start allows you to lock/unlock your car and start or stop the engine completely key free.

Electrically-adjustable driver seat

For the best feeling behind the steering wheel, we offer you the electrically-adjustable driver seat.

Standard on Signature. Not available on Style or Monte Carlo.

Your Personal Place to Be

Amundsen 9.2" infotainment

Attractive design is accompanied by perfect functionality. The new generation of infotainment comes with a display that's positioned high up on the dashboard, in the driver's immediate field of view. Below the display, it also provides an ergonomic wrist rest when operating the screen.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Style.

Inside the Kamiq you will feel right at home. The interior, which matches the design of the exterior with its self-confidence and total functionality, offers exceptional spaciousness, quality materials including attractive décor and cutting-edge digital technology.

Virtual cockpit

The Virtual Cockpit displays on-board computer specifications in combination with other information such as navigation, for example. You can choose from five layouts (extended view shown) controlled via the 'View' button on the steering wheel. The Kamiq's Virtual Cockpit features a 10.25" display.

Ambient lighting

Make your space more cosy and comfortable with LED ambient lights running along the dashboard.

Overseas model shown, local specifications may apply.

Style and functionality

Thanks to the beautifully shaped and comfortable leather/suedia[®] seats on the Kamiq Signature model, you will feel fresh even after a long drive.

Leather/Suedia[®] seats standard on Signature. Not available on Style or Monte Carlo.
Leather appointed seat upholstery have a combination of genuine and artificial leather, but are not wholly leather.

Wireless Connectivity

Kamiq featuring wireless Apple CarPlay® & Android Auto™²

Combining our smart car with your smartphone was always going to be a good idea. Kamiq featuring wireless Apple CarPlay® & Android Auto™² seamlessly connects compatible apps from your smartphone to your Kamiq. So, whether you want to listen to music or receive turn-by-turn directions, you can do it all without touching your phone.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Style.

² Kamiq featuring wireless Apple CarPlay® & Android Auto™ is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service required, optional connection cable (sold separately).

Wireless charging/USB

The Kamiq comes with an enlarged phone box which creates an amplified signal for your mobile device, and at the same time, wirelessly charges your phone while driving. This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in the centre console allow you to connect your external devices without the need for dongles or adapters.

From Big Ideas to the Smallest Details

Think big. Every detail in your car has been designed to make your travelling hassle-free. From loading your luggage, adjusting the interior space and finding room for your belongings.

Umbrella storage compartment

An ingenious compartment with a Škoda umbrella fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

Liquid reservoir

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

Power tailgate

It opens and closes at the mere touch of a button on the remote control or in the driver's door, especially handy in unfavorable weather. You can also adjust the upper door position to suit your needs. A button for closing the 5th door is also located on the door itself.

We'll Watch Your Back

Embark on any adventure with complete confidence. The Kamiq comes with plenty of assistants supporting your driving skills on the road, helping you with parking and even preventing collisions, or the severity of it.

Side Assist - Blind Spot Detection^{1*}

Using radar sensors in the rear bumper, Side Assist which can detect other vehicles and even less detectable objects like cyclists up to 70 m away, monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

¹ Safety Technologies are designed to assist the driver, but should not be used to substitute for safe driving practices. Overseas Model shown for illustrative purposes only.

Rear Traffic Alert¹

This assistant helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

Rear Parking Sensors¹

Parking the Kamiq is easier and safer with the parking sensors integrated in the rear bumper, which check the car's distance from any obstacles.

Manoeuvre Assist¹

Using the rear parking sensors, this system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

Front assist with Predictive Pedestrian Protection¹

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The Kamiq comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

¹ Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices. Overseas Model shown for illustrative purposes only.

Adaptive Cruise Control¹

Using a radar device in the front grille, in addition to its basic cruise control function, this assistant system, which operates up to speeds of 210 km/h, maintains a safe distance from vehicles in front of you.

Park Assist¹

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking spot in a row of parallel or perpendicularly parked vehicles.

Available with the optional Travel Pack on Monte Carlo at extra cost. Standard on Signature. Not available on Style.

Lane Assist with Adaptive Lane Guidance¹

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation.

Safety First, Safety Last

In extreme situations, where the driver cannot actively influence the outcome, the car's passive safety elements take over – like the airbags. Your car will be equipped with seven of them.

Head airbags

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

Front airbags

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard.

Knee airbag

This airbag, which is located under the steering wheel column, protects the driver's knees and shins.

Overseas Model shown for illustrative purposes only.

Front side airbags

These two airbags protect the pelvis and chest of the driver and passenger in the event of a side collision.

Packed With Creativity

Even the Kamiq's luggage compartment represents what creative design means. The boot is fitted with features ensuring your stuff stays in its place and your car stays clean. What's more: the generous capacity of 400 litres, and 1,395 litres after folding down the rear seats.

Double sided mat

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty and can easily turn it over to utilise the washable rubber side when required.

Hooks

The convenient hooks on the sides of the luggage compartment make your bags easier to transport and more secure.

Great Performance for Great Cities

The engines offer outstanding comfort when driving in or outside the city. Regardless, the Kamiq will run quiet, flexible, reliable and economical.

Engines

The Kamiq offers 85kW (Style) and 110kW (Signature and Monte Carlo) turbocharged petrol engines that guarantee high performance and acceleration, complemented by exceptionally low fuel consumption.

*The Start/Stop system is designed to reduce fuel consumption and CO₂ emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

‡ Please note figures are sourced from overseas data where equipment levels by model variant may vary.

**Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Welcome to Care-Free Ownership

Škoda Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a Škoda as fantastic as buying one.

7 YEAR WARRANTY[^] UNLIMITED KM

After getting behind the wheel of a Škoda, it's not hard to see why they're so beloved by their owners. Quite simply, Škoda vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. Škoda Australia provides a 7 Year/Unlimited Kilometre Warranty[^] on all new vehicles. Every new Škoda vehicle includes one year Škoda Assist[±] (Roadside Assistance), from the warranty start date. To thank you for your loyalty, complimentary Service Initiated Roadside Assistance (SIRA for short) will be activated if the vehicle is returned to an authorised Škoda Dealer for scheduled service, as per the Škoda Service Schedule milestones. For more information and eligibility, please visit www.skoda.com.au/owners/roadside-assistance

Škoda Service Pricing

No hidden expenses, no nasty surprises. Škoda Service Pricing applies to the first 6 scheduled services for your Škoda, occurring every 12 months/15,000 km (whichever occurs first).*

Genuine Parts

You don't have to be a genius (AKA a Škoda technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty[^] on all genuine parts, peace of mind comes easily too.

Service Packs

Why worry about handling payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 7 Year/105,000km (whichever occurs first) or a 5 year/75,000kms (whichever occurs first) Škoda Service Pack at any of our Škoda dealers. That way you can simply book a service time that suits you, and the costs are already covered. your car, serviced at your convenience.

[^]Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them. [±]Škoda Assist (Roadside Assistance) Conditions and exclusions apply, see <https://www.skoda.com.au/own/roadside-assistance>. *Škoda Service Pricing is current as at the date the customer obtains a price from the Škoda Service Price Calculator or from a participating authorised Škoda Dealer and is subject to change without notice. Customers are advised to confirm current pricing on the Škoda Service Pricing Calculator or with an authorised Škoda Dealer on the day of each Scheduled Service. Škoda Service Pricing is available at participating Škoda dealers on Fabia, Yeti, Octavia, Rapid, Scala, Kamiq, Roomster, Superb, Karoq and Kodiaq models first sold by an authorised Škoda dealer on or after 1st July 2015. Škoda Service Pricing applies to the cost of standard items in each of the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). Exclusions and conditions apply. For details on pricing, items not included in the Service Price and for full terms and conditions click here. Škoda Australia reserves the right to at any time modify or discontinue the Škoda Service Pricing program. [^]Please check your engine code in your service or owner manual (if you have already purchased the vehicle) or confirm your engine code with your Škoda dealer prior to vehicle purchase (if you have not yet purchased the vehicle). Škoda Service Packs are available from authorised Škoda Dealers or online from Škoda Australia official website, for all models and covers standard items as contained in each scheduled service interval only. The New Car Service Packs can only be purchased prior to the first scheduled service and up to 15,000 km/12 months (whichever occurs first). The timeframe takes effect from when the vehicle is first reported in our system as 'sold'. The Used Car Service Packs can be purchased after the first 15,000 km/12 months scheduled service. The Top-up Service packs can be purchased based on the eligibility criteria as detailed in the terms and conditions. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here. #For more information and eligibility, please visit <https://www.skoda.com.au/promotions/promotion-detail/service-maintenance-subscription-plan>.

Remove Any Doubt with Škoda Choice.

Škoda Choice[±] is a flexible finance program that allows you to guarantee your vehicle's minimum future value[±] at the time of purchase, giving you peace of mind knowing the value of your Škoda is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your Škoda Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your Škoda more often, enjoying the latest model with the best innovations and technology.

How it works

- Step 1** Choose your favourite Škoda model.
- Step 2** Choose your preferred term* of 12, 24, 36, 48 or 60 months, and an annual km allowance.
- Step 3** At the end of your chosen term, select from one of the three end of term options:

Trade in

If you wish to trade-in your Škoda for a new vehicle, all you need to do is return it to the dealership. If the trade-in value is higher than the Guaranteed Future Value[±], you can use this equity towards your new vehicle.

Retain

If you prefer to retain your Škoda, simply let us know. Provided that you also meet the relevant payment obligations under your contract, you can purchase your vehicle outright for the Guaranteed Future Value amount locked in at the start of the contract[±]. Then your Škoda is yours to keep. Or you can choose to refinance your balloon at the end of the term.

Return

All you need to do is hand your car back and, if the vehicle meets the agreed kilometre and fair wear and tear requirements[±], you will have no more to pay.

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

[±]Škoda Choice has a Guaranteed Future Value (GFV) which is the minimum value of your vehicle at the end of your finance contract as determined by Škoda Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389 344. If you decide to return your vehicle to SFS at the end of your term, SFS will pay you the agreed GFV, which will be put against your final payment subject to fair wear and tear conditions and agreed kilometres being met. At the end of your term, you can elect to (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges apply if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new, demonstrator and Certified Pre-owned Škoda vehicles. To see if this product is right for you, please see our Target Market Determination on our website and/or seek independent advice. *Subject to a credit assessment and SFS lending criteria. Fleet, government, rental and used car buyers, hire car and chauffeur companies excluded.
